BOTANICARE

PURE BLEND TEA®

Pure Blend Tea® 0.5-0.5-1.0 is a highly available supplemental nutrient for plants grown in hydroponic, soil, and soilless mediums. It is a premium-grade versatile plant food that can be used throughout the vegetative and bloom phases with any nutrient feeding recipe. Pure Blend Tea® provides plants with essential nutrients, and can be used for fruits, flowers, and terpene-producing herbs.

Directions for use:

Shake well before each use and never mix concentrates.
Always allow nutrient solution to mix well before adjusting pH.

Amounts in mL/gallon (3.8 L) 1/2 teaspoon=2.5 mL 1 teaspoon=5 mL 1 tablespoon=15 mL 1 fluid ounce=30 mL

Stage of Growth	Seedlings / Clones	Vegetative			Bloom Transition		Flowering / Fruiting					Ripening	Flush
		Week 1	Week 2	Week 3	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7
